

## **Honda Aircraft Company Shares HondaJet Update at EBACE 2017 - *HondaJet Sales begin in Southeast Asia* -**

**GENEVA — May 22, 2017** — Honda Aircraft Company announced that the company begins sales of the HondaJet in Southeast Asia. The update was provided during a press conference at the European Business Aviation Convention and Exhibition (EBACE) being held May 22 – May 24 in Geneva, Switzerland.

“Following a strong introduction of the HondaJet at ABACE 2017 and significant interest from customers about owning a HondaJet, we are beginning aircraft sales in Southeast Asia,” said Honda Aircraft Company President and CEO Michimasa Fujino. “We see great potential for the HondaJet in Southeast Asia, one of the world’s fastest growing regions.”

Honda Aircraft Company has appointed Thai Aerospace Services (TAS) as its dealer, and TAS will provide sales, service and support for HondaJet customers in Thailand, Cambodia, Laos, Malaysia, Myanmar, Singapore and Vietnam as HondaJet Southeast Asia. TAS is a leading aviation company headquartered in Bangkok with more than 40 years of aviation experience.

“Thai Aerospace Services is honored to be selected as a partner to sell and support the HondaJet in Southeast Asia,” said Kasabol Bowonsrikan, CEO and managing director of Thai Aerospace Services. “With Bangkok’s central location among the ASEAN countries and proximity to major international hubs like Hong Kong, the range of the HondaJet extends to every destination in the region.”

Honda Aircraft Company concluded the first quarter of 2017 with 15 aircraft deliveries, the most delivered light jet in its class. At the company’s world headquarters in Greensboro, N.C., production continues its steady ramp up to meet customer demand.

Exterior Dimensions	Length: 42.62 ft [12.99m] Wing Span: 39.76 ft [12.12m] Height: 14.90 ft [4.54 m]
Engines	GE Honda / HF120
Output (Uninstalled Thrust)	2050 lbf each
Performance	Maximum Cruise Speed @ FL300: 422 KTAS (486 mph) Maximum Cruise Altitude: FL430 Rate of Climb: 3990 ft / min NBAA IFR Range (4 occupants): 1223 nm
Interior Dimensions	Length: 17.80 ft [5.43 m] Width: 5.00 ft [1.52 m] Height: 4.83 ft [1.47 m]
Baggage Space	Combined stowage: 66 cubic ft Aft compartment: 57 cubic ft Nose compartment: 9 cubic ft
Configuration	Typical configuration: 1 crew + 5 pax (2 crew + 4 pax) Alternative configuration: 1 crew + 6 pax (2 crew + 5 pax)

### **About HondaJet**

The HondaJet is the fastest, highest-flying, quietest, and most fuel-efficient jet in its class. The HondaJet incorporates many technological innovations in aviation design, including the unique Over-The-Wing Engine Mount (OTWEM) configuration that dramatically improves performance and fuel efficiency by reducing aerodynamic drag. The OTWEM design also reduces cabin sound, minimizes ground-detected noise, and allows for the roomiest cabin in its class, the largest baggage capacity, and a fully serviceable private aft lavatory. The HondaJet is equipped with the most sophisticated glass flight deck available in any light business jet, a Honda-customized Garmin® G3000. The HondaJet is Honda's first commercial aircraft and lives up to the company's reputation for superior performance, efficiency, quality and value.

### **Honda Aircraft Company**

Honda Aircraft Company is a wholly owned subsidiary of American Honda Motor Co., Inc. Founded in 2006, Honda Aircraft is responsible for the design, manufacturing, sales, service and support of the HondaJet. The company's world headquarters is located in Greensboro, North Carolina, the birthplace of aviation. The challenging spirit upon which Mr. Soichiro Honda founded Honda Motor Co., Ltd. is alive today as Honda Aircraft fulfills one of Honda's longstanding dreams to advance human mobility skyward.
